## Our assurance

We combine our global experience and global footprints to ensure that we ship you the right quality peas and lentils!

### Quality Assurance :

GAC has the infrastructure and the resources to meet the most complex demands of customer in terms of quality, quantity, time and delivery

At GAC, we have earned our reputation as a reliable supplier of quality-assured peas and lentils. No one does it better!

We provide inspection and comparative information, on-site pre-shipment quality assurance selection to ensure we ship you the peas and lentils that meet your specifications

One of our processing plant is ISO 9001:2000 registered and compliant with HACCP guidelines and monitoring system for CCP's

### Delivery Assurance :

GAC has years of experience in shipping to Europe and Asia

At GAC, we go in detail for loading requirements and deliver in bulk, 25Kg, 50kg or 100LB bags, or 1 ton big tote bags per customer's preference

At GAC, we assure that we load efficiently with high quality pallets and carefully designed big tote bags to assure smooth unloading with forklift on arrival at customer warehouse

At GAC, we can provide you with up to date shipping schedules ahead of time allowing you to maintain accurate planning on your side

### Document Assurance :

Right documents on-time, every time!

GAC has pioneered our own order processing and documentation system that enables us to meet your needs in a fast-paced environment where the execution of correct and timely documentation plays a key role to cost structure. At GAC, every documents are checked by two sets of eyes before they leave our office doors and we make sure that they reach you in time!

### Flawless Execution :

GAC integrates our products and services through superior logistics, operations, freight forwarding, and documentation. We maintain tight shipment control from product selection and inspection through documentation and delivery to your facility.

## a case study

How did we make a difference for a customer in Europe ...

### Total Value - 1 Million Euro Transaction

#### Customer needed :

Product	Quantity	Delivery Schedule
Green Split Peas	700 mt.	> 400 mt. each month
Green Whole Peas	400 mt.	> 200 mt. each month
Green Lentils	200 mt.	> 50 mt. each month

#### Specifications : Customer targeted

- ▶ High Quality supply with product property to meet the soup cooking requirement and a taste to local market needs.
- ▶ Delivery in a very timely manner by week specified.
- ▶ Delivery in 1 ton or 1.2 ton big bags.
- ▶ Delivery in best economical way in 20' or 40' containers with special loading requirements.

#### Challenges :

- ▶ Finding right product and source to process and deliver to specifications.
- ▶ Getting shipment booking and managing shipping in a timely manner to meet tight delivery schedule.
- ▶ Finding a solution to load big bags when no trans-loaders are interested in loading big bags.

#### Solution :

- ▶ We found right product from USA which rated 9 out of 10 in quality as compared to 5 out of 10 in quality from Canada.
- ▶ We utilized our contracted plant to deliver the specifications.
- ▶ We sent and managed delivery schedules either weekly or bi-weekly in advance for the three month time-line.
- ▶ We worked hard to assure availability of equipments or alternates in case any problems arose.
